## HOSTING

### **HostGator**

#### **Commissions.**

We will pay you a commission based on the below structure:

Commision Rates:

**1-5 a month \$50**

**6-10 a month \$75**

**11-20 a month \$100**

**20+ a month \$125**

Example: If you send us 21 sign-ups in any month you will get  
 $\$125 \times 21 = \$2625$

The Commission Rate is subject to change from time to time, upon e-mail notice to you and commencing the 30-days following such notice.

If you are referring clients to HostGator from a free hosting service that you run, you are not eligible for commissions unless given express permission by HostGator. You must contact our affiliate department for review and a special commission rate.

#### **Minimum Payment Threshold.**

Affiliates must earn a minimum affiliate account balance of \$100 or more before their account is eligible for payment.

Commission amounts earned for less than \$100 (for example, 1 sale for \$50) will remain pending until the full \$100 minimum balance has been earned.

## **HostMonster**

### **Commission**

\$65 per paid referral

### ***Payment:***

- Affiliates are paid a one-time commission for each hosting account referred to our services. A signup is counted when a customer first clicks on an affiliate referral link, completes the signup process and stays active for 90 days.
- Affiliate accounts must be active at the time of the referral. No credit will be given to your affiliate account for sales that occurred before you joined the affiliate program.
- If a referral has been made and is not showing in your affiliate account it must be reported during the current referral period (1-15th of the month or 16-end of the month). Missed referrals not reported during the current period will not be credited to your account.
- All affiliate fees are locked **45 days after the end of the month in which the sale occurred.** Payments are then processed and sent out from the 16th through the last day of the month or until all payments have been sent. Once your payment has been processed its status will change from pending to sent. EXAMPLE: All referrals made in January will lock on the 15th of March and will be sent starting on the 16th of March. Affiliates with January commissions should receive their payment around the end of March.

- Affiliates must generate a balance of \$100 or more before their account is eligible for payment.
- Payments are sent using the PayPal mass payment system (no fees are deducted from your earnings). If you do not supply a PayPal address a check will be sent. Payments by check take up to an additional 30 days to arrive. For larger affiliates with balances of over \$10,000 per month we offer Wire Transfer. To change your payment information, log in to your affiliate account and click on the edit button next to the payee details section.
